Albuquerque, N. M. 87102

Dear Mr. Nelson:

I represent Hunt and Sons Trucking Company, a sole proprietorship owned by Emmett K. Hunt, Sr., a Laguna Indian.

~~Mr. Hunt has had a contract with the Anaconda Company, to plug the~~
drill holes within area leased by the Pueblo of Laguna to Anaconda
for uranium mining. Anaconda has ordered Mr. Hunt to stop his
operations under this contract because of orders from your office
and the Pueblo of Laguna to cease all reclamation work on the lease.
Mr. Lynn from Anaconda informs me that he will authorize Mr. Hunt
to proceed to plug further drill holes outside the active mining
area, provided that your office will release, from the freeze on
reclamation, the area outside of the active mining area, for drill
hole plugging.

Please give me a call on this as soon as possible.

Very truly yours,

Philip R. Ashby
